A Day at the Beach

Sam and his family decided to spend a day at the beach. The sun was bright and the sky was clear.

When they reached, they saw big waves crashing on the shore. Sam quickly grabbed his bucket and shovel to build a sand castle. His sister, Lily, helped him decorate it with shells. Their mom spread a blanket and put up a big blue umbrella. They ate sandwiches and drank cold juice. Later, they played catch with a beach ball. By evening, they watched the sunset and packed up. It was a fun day for Sam and his family.
